

Performance Based Compensation System (PBCS)

2018-2019

approved by HPS Board of Directors on 07/25/2018

Purpose: Rewarding excellent teaching and leading with financial incentives

Eligibility Requirements: Each school year, in order for teachers to be eligible to receive a bonus for their performance, they must meet the following criteria:

- i. Demonstrate growth in student academic outcomes, and
- ii. Demonstrate effective teaching based on classroom observations conducted multiple times during the school year.

The first criterion, demonstrating gains in student outcomes, is explained in this PBCS guide with achievement and growth targets for all groups. The second criterion means that **teachers must score a minimum average of 2.0 in H-TESS from at least two formal classroom observations** in a given school year. Teachers must meet both of these criteria to receive a performance-based bonus. While this is tied to the TIF grant, it applies to all HPS schools, both TIF and non-TIF campuses.

Priority Schools Bonus for TIF schools:

Employees of the priority schools will receive Priority Schools Bonus if the campus shows improvement in at least one of the three domains listed below based on accountability reports released by TEA:

- Domain I Student Achievement: Increase previous year score
- Domain II School Progress: Receive an A or B rating
- Domain III Closing the Gaps: Meet academic growth targets for at least 60% of eligible categories listed below:
 - All Students: 66% in Reading, 71% in Math
 - African American: 62% in Reading, 67% in Math

- Hispanic: 65% in Reading, 69% in Math
- SpEd: 59% in Reading, 61% in Math
- ELL: 64% in Reading, 68% in Math
- Economically Disadvantaged: 64% in Reading, 68% in Math

Total Bonus amount of \$50,000 will be allocated for each campus to be distributed among eligible faculty and staff, based on the structure explained below. The following table defines the weighting of the bonus amount for each position type. Eligible employees within each position category will get an equal share of the amount paid to the category (share amount divided by number of eligible employees) if the bonus is earned.

Assignment	Share % (out of \$50,000)	Share Amount
Core Teachers (K-2, SpEd, ESL, ELA, SS, Math, Science, Interventionists)	70%	\$35,000
Campus Administrators (Principals & all APs)	10%	\$5,000
Non-core Teachers, Coordinators, & Counselors	15%	\$7,500
Other Staff (Operation Manager, PR, and Engagement Coord) [only FT campus staff]	5%	\$2,500

Central Office Academic department will identify and announce priority schools each year in early Fall.

Performance Bonus for TIF & non-TIF Schools:

The following categories per position type were established for this bonus. The following tables describe student growth goals, bonus amounts tied to each growth target, and maximum bonus amounts for each position type and position.

Special Notes:

- The priority school bonus and performance bonus will be paid at the end of November 2019 for 2018-2019 school year performance.
- HPS employees who are hired after the first day of Spring 2019 semester will not be eligible for any bonus.
- Payments to employees under this plan are considered “special duty” pay for service at the Harmony Public Schools. Such payments are not considered part of an employee’s base pay. Furthermore, the elimination or reduction of this pay for an employee does not constitute a “demotion.”

- If a staff member's employment with the school ends for any reason prior to the end of the school year, he/she will not be eligible for these bonuses. Eligible employees must be employed with an HPS school on November 5, 2019 to receive the bonus for the 2018-2019 school year.
- Priority campuses are eligible for performance bonus as well.
- This plan allows eligible individuals on HPS schools' 2018-19 staff roster to receive one or more bonuses, as explained above, if retained for the 2019-20 school year. If the bonuses are earned and the Board decides that financial conditions allow payment of bonuses to eligible employees, payments will be made to eligible employees in one installment at the end of November 2019. These bonuses are discretionary based upon financial health of HPS and amounts stated above are the maximum amounts that may be paid under this plan.
- Performance Bonus for non-TIF Schools will be paid from school budgets with local funds.
- Cluster personnel bonuses will be paid from district budget with general funds.
- Please note that employees may earn bonus via several tangible pieces as identified above with a maximum cap amount per person. If multiple bonus tables apply to an employee with different maximum amounts, the higher max amount applies.
- Educators who have teaching assignments despite being in non-teaching positions (e.g. counselors, coordinators, etc.) are eligible for tested and/or non-tested bonus as long as they meet the H-TESS criteria and demonstrate student growth. However, these bonuses are not stackable and they will only be awarded the highest bonus available to them.
- To be eligible for any bonus (TIF, non-TIF, performance, priority); a teacher must have a minimum of 2.0 annual average score on formal classroom observations in H-TESS. At least two formal observations must be conducted to prove that the teacher meets the criteria to be effective.
